WELCOME TO SUMMER CAMP!

A message from our camp directors...

For those of you who are unfamiliar with our summer camp, our directors are Shelby Martin and Emma Castanedo. Camp is seven weeks of jam-packed fun! Our campers participate in science experiments, arts and crafts, games, and dynamic religion lessons every day. We dive into our camp theme every week with these activities and a field trip. We are all about fun, faith, and friendship! If you have any questions, we would be happy to answer them - just send us an e-mail!

We are so excited to be back for another great summer at camp. For the past two summers, we have loved serving and becoming a part of this Fatima family. We are incredibly grateful for the support and love of all the families, teachers, and staff. We have been working since the end of last year's camp to make this year even better. We have great things in store for our sweet campers, and are excited to introduce you to our new counselors.
